Please bring **two photos** to the lesson!

- One *representing* a **past achievement** / something you are **proud** of
- One *representing* something you would like to achieve **in the future**

(*representing* means the photo can be connected to the achievement **in any way**, so be **creative!**)

Task

You have returned to school after lockdown, and your class have decided to create a positive exhibition to celebrate everyone's achievements.

To contribute to the exhibition, you are going to produce a poster with:

- a photo representing a **past achievement** / something you are **proud** of
- a photo representing something you would like to achieve **in the future**
- a written text explaining the **significance** of the photos

Flying solo!

I've chosen this photo because it represents my first trip abroad without my parents. Two years ago, I took part in an exchange programme with a school in Paris. I stayed with a French family for a week, and afterwards, my French pen pal came to stay with me. At first, I was so nervous about everything! I couldn't imagine going to a different country on my own. What if I didn't understand anything or if I didn't like the food?! I shouldn't have worried because the family were so kind and they made me feel really welcome. It didn't matter that I couldn't speak perfect French because there are lots of ways to communicate. This experience has honestly changed me as a person. Today I'm much more confident and adventurous. I'm proud of myself for stepping out of my comfort zone.

Turn that frown upside down!

This photo represents something that I'd like to achieve in the future. I've practising yoga for a few months during lockdown because it's the type of exercise that's easy to do at home, and it helps me to relax when I feel anxious. I'm definitely starting to feel more flexible and I've made a lot of progress with some of the yoga poses, but what I really want to be able to do, is a headstand! Everyday I try, and I fall over, but I think I'm slowly getting there. I'm proud of my patience and dedication, and when I finally do it, I'll take a photo!
