

Asking for ideas

What shall we have for?

What do you think we should have for...?

Suggesting

How about..?

I was thinking that... would be nice.

We could have....

I think we should have something more adventurous / filling for

We both/all like.... so why don't we have....?

Agreeing

Mmm, that sounds nice / interesting / a good idea

Mmm, I love...

Asking for more information

What's in it?

What's it made of?

Is it very sweet / filling / hot...?

I've never had that. What's it like?

Disagreeing

Hmm, I'm not sure about that.

It sounds a bit strange / too greasy / too hot and spicy.

I don't really like....

I'm not very keen on...

I'm allergic to...

I'd prefer to eat something lighter / more filling for

Deciding

Good, so let's have...

Neither /none of us is keen on.... so that's not a good idea.

We both like so that's a good idea.
