

What are the superstitions people often associate with these things?

13

What is a superstition?

superstition

noun (c/u) /su:pə'stɪʃən/

something people believe that cannot be explained by science, but is often connected to the idea of luck

Work with a partner and discuss these questions.

1. Are you superstitious?
2. Who is the most superstitious person in your family?
3. Do you have any 'lucky' objects?
4. Do you have any special routines or rituals you do before an important event?
5. Can you think of some superstitions that Portuguese people have?

Can you guess what these superstitions might be?

Now read the text in your magazine to find out if your predictions were right.
