Release date: 14-04-22

Language: English

★ ★ ★ ★ ☆ 35 ratings

If you get both of these you can read the book and listen at the same time, which is a good way of improving fluency and pronunciation.

Go to the UK Amazon site as the Kindle prices are far less than on the USA site.

You may be able to get the printed edition in FNAC or on the German Amazon site. The UK site can post books to you, but some items from the UK get delayed in customs.

There are other recordings but these are dramatisations, not the text as in the novel itself.

Audible is an Amazon company so you can use the same log in and payment method.
