

VIDEO TASK

B. Now watch the video and decide whether the statements below are true or false.

EXTENSION: Can you correct the false statements?

1. Coronavirus will stop global warming
2. Governments responded well to the pandemic
3. Environmental problems are often reported in the media
4. Environmental problems kill a lot of people
5. The pandemic lockdown saved lives
6. Climate change affects rich people more than poor people

C. Can you expand on and explain some of the statements in more detail?
