

## Video Activities

A. Before watching the video of climate activists, Greta and George, match the vocabulary to the definitions.

Vocabulary	Definition
1. carbon	a. practice for an emergency
2. a subsidy	b. a fuel, for example, coal, oil, or natural gas
3. a drill	c. a chemical element found in coal, oil and living things
4. a fossil fuel	d. money paid by a government to maintain a low price for certain products
5. an ecosystem	e. a type of animal or plant that no longer exists
6. extinct	f. to return something or someone to its original state
7. to restore	g. to pay for
8. to fund	h. the plants, animals, climate, etc. in an area and how they are connected

B. Look at the sentences and decide if they are problems (P) or solutions (S).

\_\_\_\_\_ Up to 200 species are going extinct every single day.

\_\_\_\_\_ A tree is an example of a natural climate solution.

\_\_\_\_\_ Much of the Arctic ice is gone.

\_\_\_\_\_ Where nature is doing something vital, we must protect it.

\_\_\_\_\_ Vote for people who defend nature.

\_\_\_\_\_ It's simple ... we need to protect, restore and fund.

\_\_\_\_\_ There is a magic machine that sucks carbon out of the air

\_\_\_\_\_ Tropical forests are being cut down at the rate of 30 football pitches a minute.

C. Now watch the video and write a number (1-8) to put the sentences in the order that they are mentioned.
